QUALIFY FOR REBATES ON SPRINKLER PACKAGES, PUMPS, AND VARIABLE SPEED DRIVES

Through wholesale power supplier Tri-State, end consumers of members in our service territory have access to low or no cost irrigation assessments. The report you receive provides low and no cost measures to improve irrigation coverage along with more detailed recommendations. The report meets standards of USDA's Environmental Quality Incentives Program (EQIP) or Rural Energy for America Program (REAP) that may provide financial incentives for improvement costs.

Please note, program engineers work to schedule the site visit around water availability and harvesting.

This is an Equal Opportunity Program.
Discrimination is prohibited by Federal Law.

REBATES AVAILABLE
Highline offers rebates on motors, VSDs, pumps, and sprinkler packages.

FINANCING
Participants may qualify for Highline's no-cost, On-Bill Repayment (OBR) program, which allows members to finance eligible irrigation-related upgrades following an assessment. When financing with OBR, there is no credit check and repayment occurs as a line item on your monthly utility bill.
